

The background is a detailed architectural drawing of a city, showing a grid of streets and building footprints. A prominent, thick red line curves through the drawing, starting from the bottom left and extending towards the top right, possibly representing a transit route or a boundary.

A wide-angle photograph of a golf course under bright, low-angle sunlight. The scene is dominated by vibrant green grass. In the foreground, a large, irregularly shaped sand trap is visible. To the left, a body of water reflects the sky and the surrounding greenery. A prominent green fairway curves through the middle of the image, with a flagstick visible on the right side. The background shows rolling hills and more of the golf course's landscape.
